

Why Study in English?

These university students often have higher market value, greater international career networks, and are memorable amongst their competitors. Fluent in German, English *and* cross-cultural understanding, they are ready for the challenges of the modern interconnected world.

Our Success

The competition to get into universities abroad is significant, because they offer extraordinary experiences. Our success is in 10+ years on 3 continents helping students find the right universities for them. Turning their merits and dreams into elite university acceptances. Our motto: Ambition is an attitude.

What We Do

- A)** Inspire you to think internationally, and in English.
- B)** Coach you in how to gain acceptance to elite universities abroad with outstanding writing and interview skills.
- C)** Focus on top-tier universities in the USA, the UK, Canada & Europe.
- D)** Introduce students/schools to Admissions Teams from top 100 international universities through the Link Program.
